## The Georgia Hispanic Chamber of Commerce Announces a Strategic Partnership with SCORE

The Georgia Hispanic Chamber of Commerce is pleased to announce yet another development to benefit current and future members. The GHCC is joining with the North Metro Atlanta Chapter of SCORE in support of small businesses in the greater North Fulton area.

Since 1964, SCORE — a resource partner with the Small Business Association — has offered free, confidential services for those looking to start a business or expand an existing business. Across the country, 11,000 volunteers offer assistance through mentoring, workshops and resource libraries. The GHCC, for its part, serves members by promoting domestic and international economic development of Hispanic businesses and individuals, and by serving as a link between non-Hispanic entities and the Hispanic marketplace. This partnership between the two organizations is but a first step toward statewide cooperation.

Features of the partnership include cross-promotion of workshops, events and online support, and free, confidential business counseling at SCORE offices in Cobb, Gwinnett, Forsyth and Fulton Counties. Also of significant impact will be Spanish-speaking SCORE mentors that the two organizations will work together to engage and train.

### About the GHCC

Established in 1984, the GHCC's primary focus is on business formation, business growth, and civic and leadership development and engagement. It serves entrepreneurs and business owners through consultations, workshops and seminars. With over 1,000 members, the GHCC is one of the largest Hispanic Chambers in the country and can be found at [www.ghcc.org](http://www.ghcc.org)

### About SCORE

SCORE is the nation's largest network of volunteer, expert business mentors, with approximately 11,000 volunteers in 300 chapters nationwide. Since its founding in 1964 as a resource partner of the U.S. Small Business Administration (SBA), SCORE has helped more than 11 million current and aspiring entrepreneurs through mentoring, workshops and educational services. In 2017 alone, SCORE helped to create 54,506 new businesses and add 61,534 new, non-owner jobs to the American economy.
